PMT KASSETTE60 — Manual

Authentic K7 Saturation Emulator

Short Description

🇧🇷
PMT Kassette60 é um emulador de saturação estilo fita K7, focado em compressão natural, leve coloração harmônica e suavização de transientes. Projetado para adicionar caráter analógico e densidade musical.

🇪🇸
PMT Kassette60 es un emulador de saturación estilo cinta K7, enfocado en compresión natural, ligera coloración armónica y suavización de transientes. Diseñado para añadir carácter analógico y densidad musical.

🇬🇧
PMT Kassette60 is a cassette-style saturation emulator focused on natural compression, harmonic coloration, and transient softening. Designed to add analog character and musical density.

Primary Function

🇧🇷
Adicionar saturação musical e leve compressão não linear, simulando comportamento de fita cassete.

🇪🇸
Añadir saturación musical y compresión no lineal ligera, simulando el comportamiento de cinta cassete.

🇬🇧
Adds musical saturation and gentle non-linear compression, emulating cassette tape behavior.

Basic Usage

🇧🇷
Inserir na track ou bus. Ajustar intensidade de saturação conforme desejado. Monitorar níveis para evitar clipping downstream.

🇪🇸
Insertar en pista o bus. Ajustar la intensidad de saturación según necesidad. Monitorizar niveles.

🇬🇧
Insert on track or bus. Adjust saturation intensity as needed. Monitor levels to avoid downstream clipping.

@ 2026 PIMENTEL AUDIO TOOLS

Controls

- Drive: Controls saturation intensity.
- Tone: Shapes high-frequency response.
- Output: Final trim after saturation stage.
- Resizable UI (80–160%).

Key Features & Technical Characteristics

- Cassette-style non-linear saturation curve.
- Subtle harmonic enhancement and transient rounding.
- Frequency-dependent soft clipping behavior.
- No limiter or clip protection.
- Stereo processing.

Design Philosophy

PMT Kassette60 was designed to deliver nostalgic analog coloration with controlled musical behavior. The objective is subtle harmonic enhancement without excessive distortion or artificial artifacts.

System Requirements

macOS 10.13 ou superior (Intel & Apple Silicon)
64-bit host application
AU / VST3 compatible DAW
Windows 10 ou superior
64-bit host application
VST3 compatible DAW

Version

Version 1.0.0
Release Year: 2026
